

Agricultural Day

Wednesday 20 October 2021

Ag Day is coming soon. It's a very special event on our rural school calendar. As part of Ag Day we encourage your child to rear a calf, lamb or goat. If you do not have access to these animals then you can bring along a cat, dog or other pet for the day. Please let us know below which type of animal your child can bring. The day starts with registration of the animals followed by individual photos of the children with their animals and then judging.

Lots of other activities take place over the course of the day including children are encouraged to take part. These are such things as

making an aqua jar, a garden in a novelty container, a vegetable animal or sand saucer, a black and white photography competition and a pencil sketch competition. At lunchtime the children have the opportunity to dress up their animal for a competition. There is also a cake decorating competition that children can enter. There will be more information coming out about this later in the term along with some creations students can make during the holidays and bring along on the day.

There is also plenty of food to purchase on the day at the Ag Day Cafe. We need your help with baking and ask that each family provide a cake, slice or muffins if you are able to do so.

To help with organisation we need to know the type of animal your child is bringing and whether you are able to help on the day. Please complete the slip below and return it to the school office by **27 August**. For those of you who are new to school please ask Lynda in the Office about anything to do with Ag Day.

Please return this section to school by 27 August 2021. Thank you.

Child's Name: _____

Type of Animal: _____

Yes, I can make a batch of muffins/slice/cake to sell in the tea/coffee area. ☐

Please write your name below if you are able to help on the day. Thank you.

Name: _____
